Application Ideas:

1. Is Jesus in your boat? Ask yourself: In what or in whom and I trusting to get me through this life? There is no more important question. Where is your faith? (Luke 8:25) If you have never turned from your sin and trusted in Jesus alone, do it today. (See John 3:16-18; 1 John 1:9; Acts 2:29-47.)

2. If you are a Christian, remember how Jesus has been with you through all the storms of life. Keep a “storm journal,” something you can refer to the next time a storm comes—it will be very encouraging, because it is your story! You may also choose to share it with others as a testimony.

3. Just as the disciples were afraid in the storm, Jesus understands your faith will falter at times. Memorize Romans 8:1—your salvation does not depend on your perfect performance, but on Jesus’ finished work on the cross for you.

4. Make sure you have at least two Christian friends you can call when a storm comes. Pray together!
